athletic lines

With sculpted sides, muscled shoulders and wheel arches, 18" alloy wheels*, protective front & rear skid plates and an imposing grille, Captur asserts itself as a vibrant, athletic SUV. Sportiness is embodied in the R.S. Line version, with its gun metal grey detailing and specific front bumper design with an F1-inspired blade.

At the front and rear, Renault's signature C-shaped* LED daytime running lights help Captur stand out from the pack.

* standard on Intens & R.S. Line

overseas model shown

a revolutionary interior

Quality is the first thing you can see when entering the Captur. Every detail has been carefully thought out with the driver as the central focus. Comfort on board is ensured, with soft, cushioned surfaces on the areas you come into contact with, wraparound front seats, and generous interior storage. Captur is setting a new standard for spaciousness among Urban SUVs.

Immediately your attention is drawn to the stunning 9.3" central touchscreen*, and the unique flying centre console with the e-shifter gear lever*. You can stay in control at all times with the fully digital 10.25" driver display^ which you can customise to your heart's content, choosing which information you want to see and when.

The R.S. Line version adds distinctive details to create a truly immersive environment; red and grey contrast stitching, dark grey and carbon-look interior ambience, and steering wheel with sections of perforated leather and Renault's signature R.S. badge.

* standard on Intens & R.S. Line

stay connected

With the new easy link multimedia system, access technology that is as advanced as it is easy to use. Its 9.3" touch screen* is compatible with Android Auto™ and Apple CarPlay™ smartphone mirroring, so you can stay connected while on the go. Truly make Captur your own by customising the screen with widgets, just like on your smartphone. Everything you need is at your fingertips, and to make things easier, Captur's central touchscreen is angled slightly towards you, the driver.

tailor-made sensations

Captur offers a driving experience that adapts to your ever-changing desires. You can customise your drive with multi-sense* technology, which includes three driving modes and eight different ambient lighting colours. Depending which driving mode is selected, multi-sense* will control the ambient lighting, powertrain response time, steering flexibility and more. Enjoy a premium sound experience in Captur. Its Arkamays Auditorium sound system* has six speakers and offers a truly immersive and customisable experience, even allowing you to choose from a range of sound ambiances.

* standard on Intens & R.S. Line

overseas model shown

overseas model shown

the height of adaptability

Enjoy a feeling of roominess with a layout designed to give you maximum comfort. Make the most of Captur's class-leading boot space (up to 536L) with its unparalleled modularity that adapts to your every need.

The rear bench seat slides up to 16cm, meaning you get the best of both worlds. Whether you are carrying rear passengers or extra items in the boot, you can slide the rear bench backwards or forwards to suit every situation.

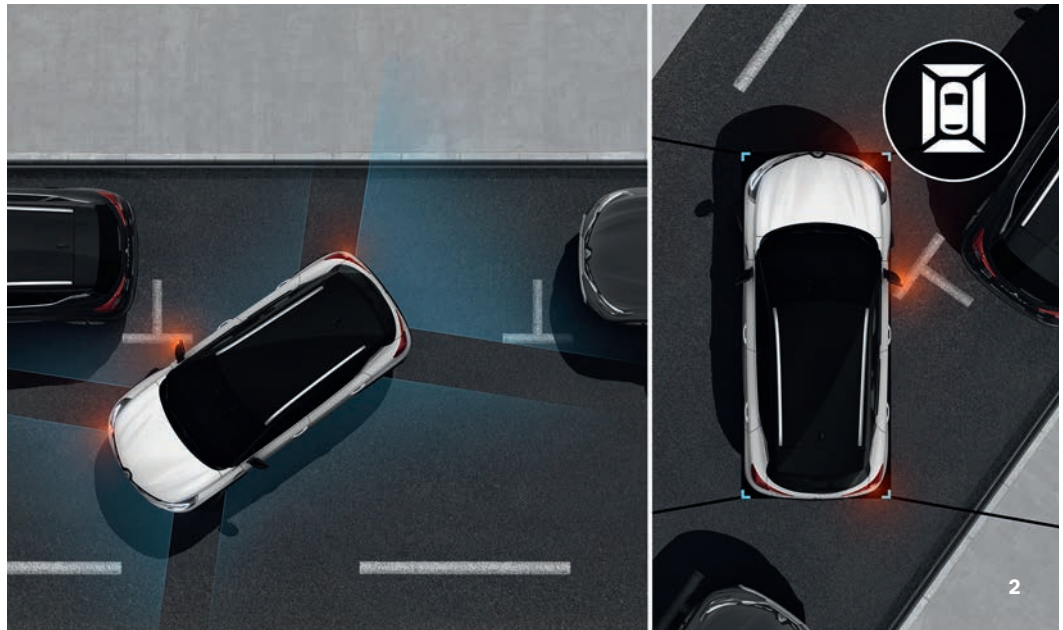

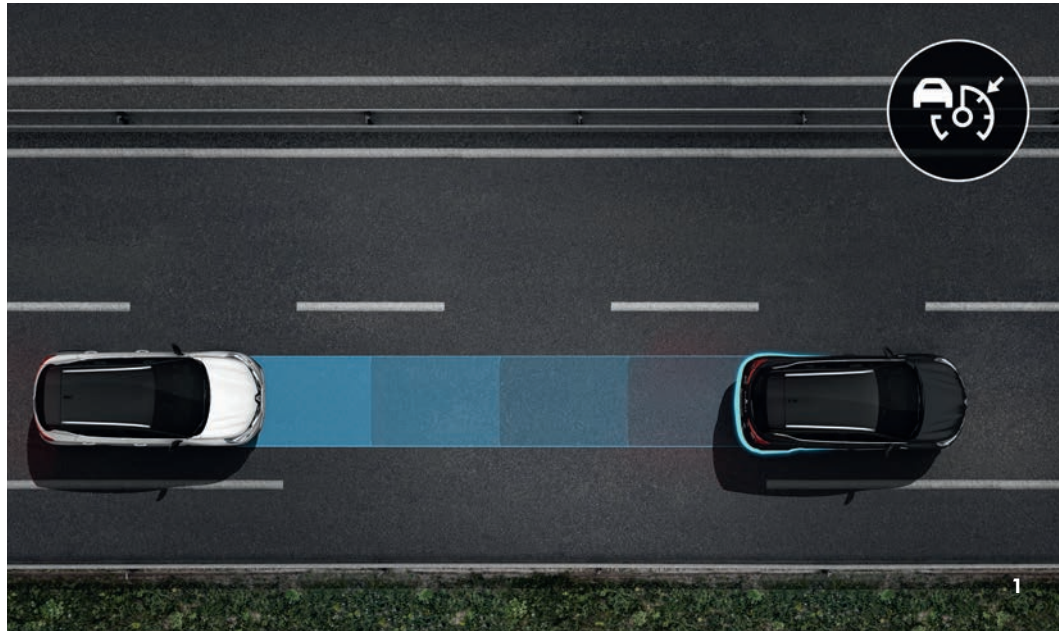

For even more space, you can fold the rear seats down to access 1,275L of boot volume.

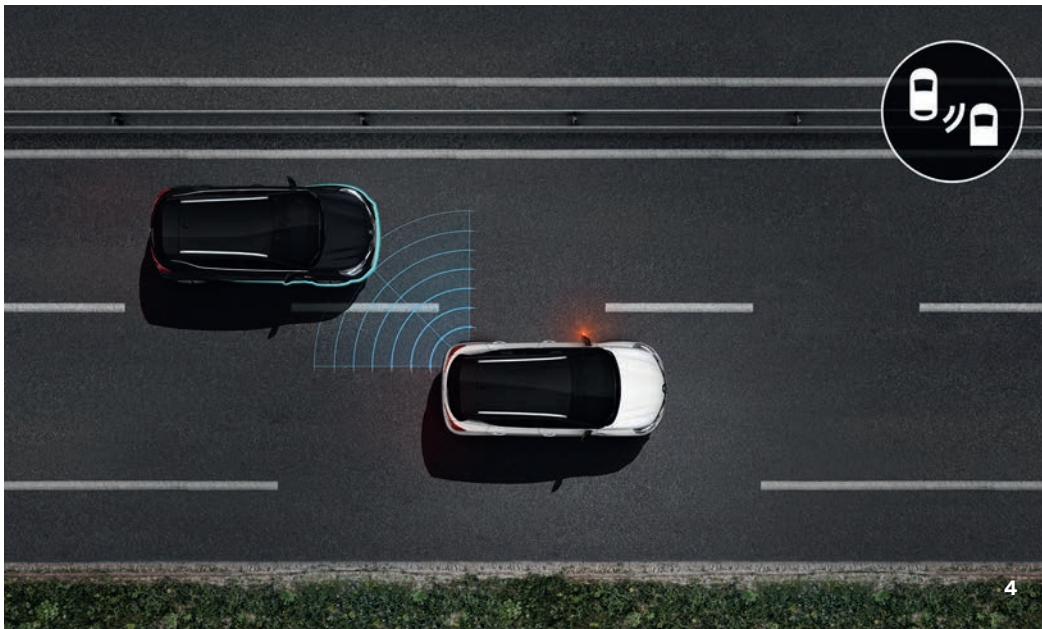

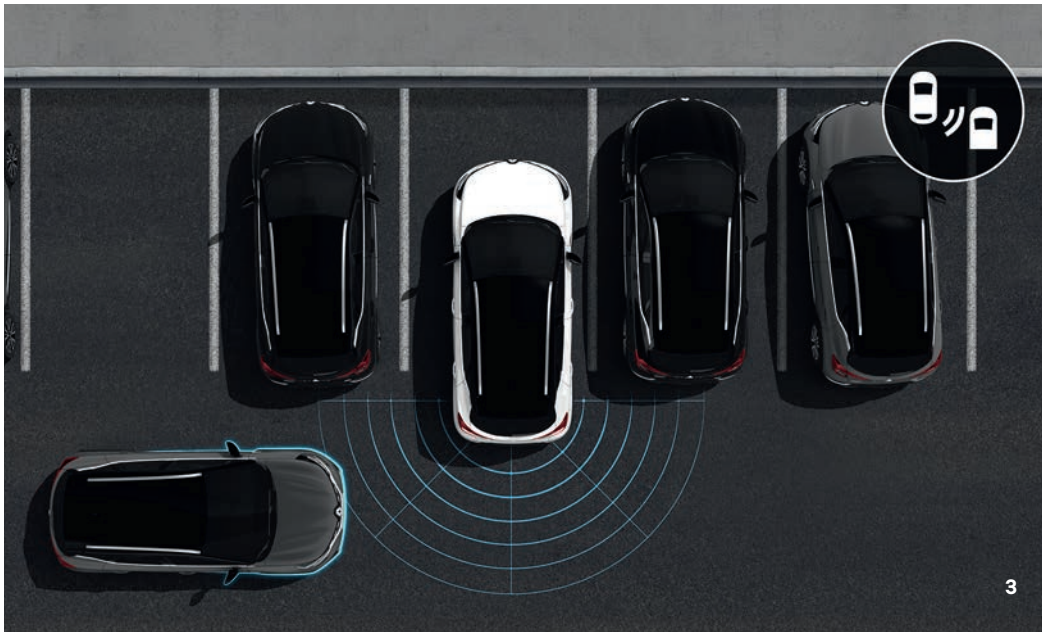

at the cutting edge of technology

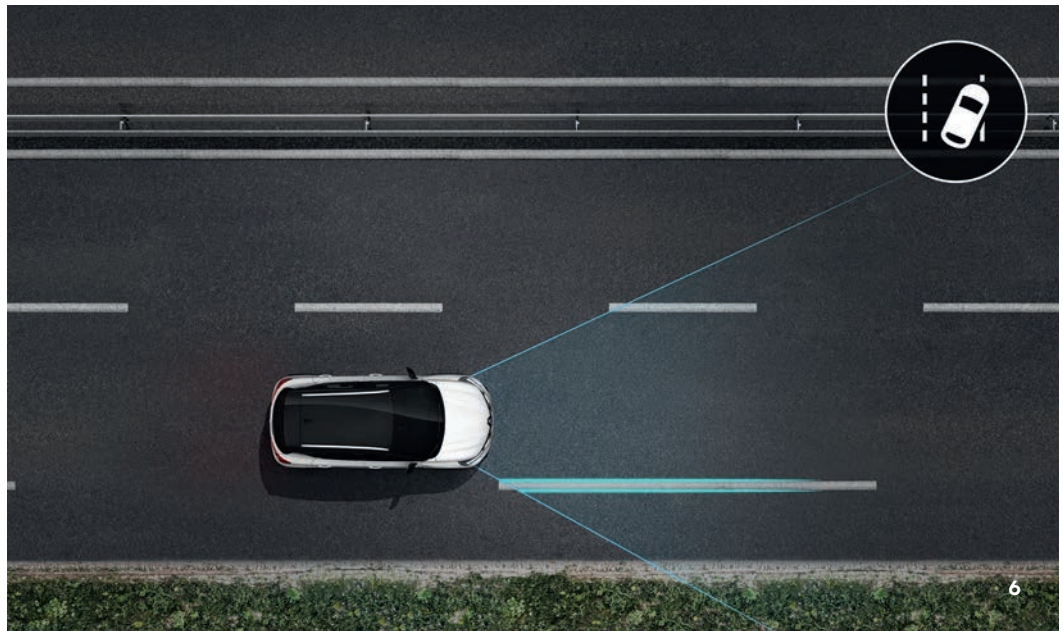

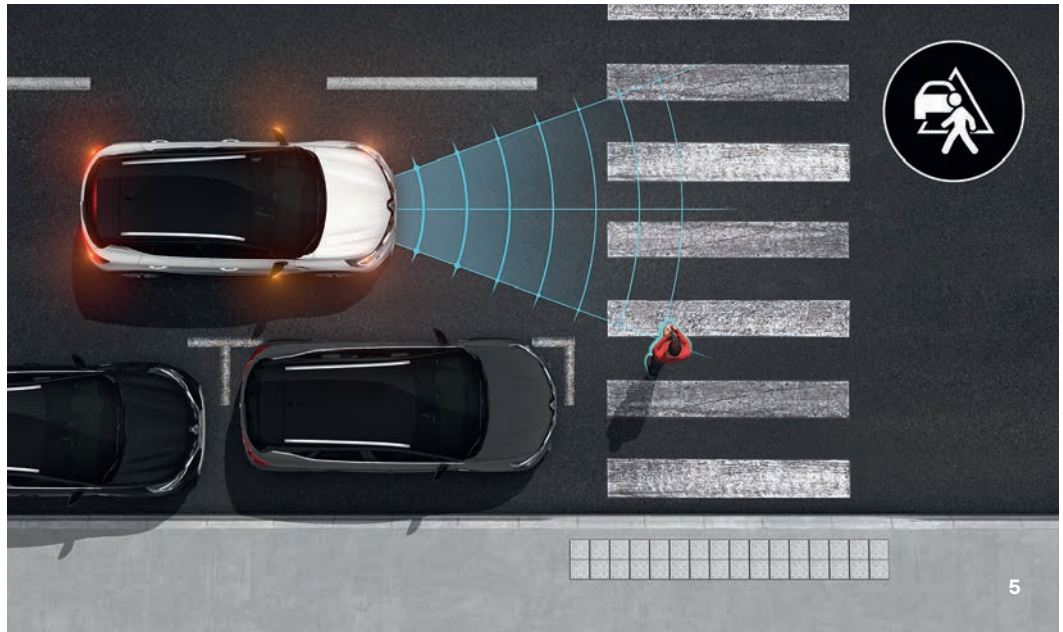

For a safe driving experience, Captur is equipped with Renault's easy drive systems, including the latest advanced driver assistance systems.

1. **adaptive cruise control with stop & go^{AA}**. Captur maintains a safe following distance from the vehicle in front. In heavy traffic, the vehicle comes to a complete stop and accelerates when the vehicle in front starts moving again.
2. **360-degree camera* and easypark assist^A**. With its panoramic view, the 360-degree camera guides you into the tightest parking spots. The system takes control of the steering wheel to park your car for you if you want it to.

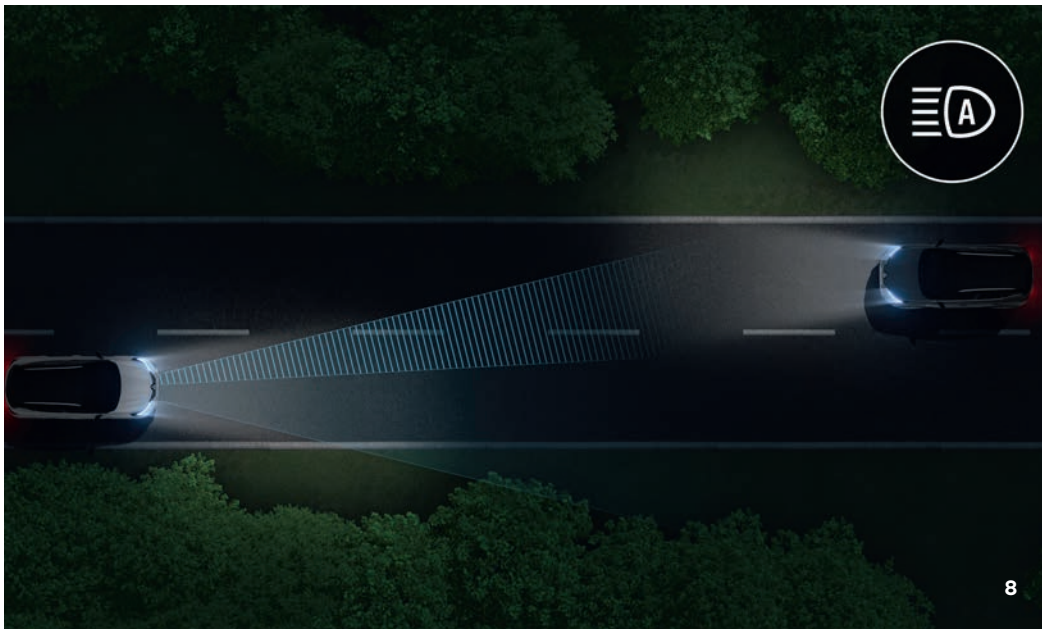

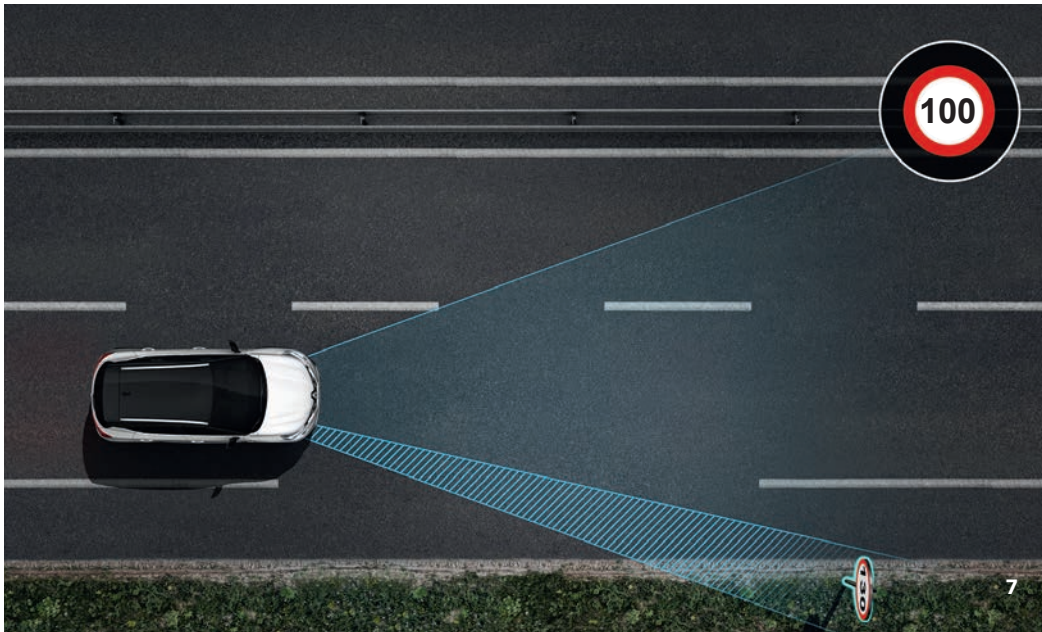

3. **rear cross traffic alert**[#]. This system tells the driver when a vehicle is approaching as they are reversing out of a parking space.
4. **blind spot warning**[#]. With the blind spot detection system, an indicator light located on each of the door mirrors will warn you when a vehicle is in your blind spot.

5. active emergency braking system.

Captur watches over you and your surroundings. If a vehicle brakes suddenly, or a pedestrian walks in front of your vehicle, this system warns you and will automatically perform emergency braking if you do not.

6. lane departure warning & lane keep assist. Captur alerts you and corrects your trajectory in the event of lane departure without prior use of the indicator.

- 7. **traffic sign recognition.** Captur informs you of the speed limit by recognising signs as you drive past them.
- 8. **automatic high/low beam[^].** This system switches the LED headlights on your Captur from high to dipped beam when you enter a built up area or approach another vehicle.

accessories

1. **Easy Flex boot protection.**
Anti-slip and water-resistant, it folds and unfolds easily and adapts to the position of the rear seats. Once unfolded, it covers the entire loading area and protects the boot sill.

2. QuickFix roofbars.

Low profile, neat finish, easy to install. These roof bars are the perfect addition to your Captur when extra storage space is needed.

3. Captur door sills.

Personalise and protect your car door sills in style. Available with Captur marking, in the classic or backlit version.

4. boot liner.

Sand, Water, Dirt, Mud, Renault rubber car boot liners are tailored to fit your boot. With a deep textured surface designed to contain spills, mud, snow, dirt and more, your boot will stay clean no matter what you use it for.

5. premium textile floor mats.

Made from high quality textile and premium finishes, they are synonymous with durable refinement built to last.

quality

"From creation in our design studios through to production and finally distribution via our network, striving for quality is what guides us."

Laurens van den Acker – Senior Vice President, Corporate Design – Groupe RENAULT

Renault Captur, the benchmark reinvented

A pioneer in the urban SUV market, Captur reinvents itself by building on the DNA that made it such a success in Europe. It transforms to emphasise the modern lines of an SUV that is both athletic and dynamic. Paired with cutting edge engine technology, Captur is the perfect combination of sophistication and performance. It is as versatile as it is spacious thanks to its interior revolution where every section has been carefully considered.

overseas model shown

Transformed exterior design

Its reinvented design, with 100% LED lighting and Renault's C-shaped lighting signature at the front and rear as well as its decorative chrome or gun metal grey inserts, depending on the version, contribute to Captur's quality and assertiveness.

An interior revolution for a high-quality passenger compartment

Equipped with the latest technologies and among the largest screens in the category, the "smart cockpit" sports a resolutely modern design for a more immersive driving experience. The dimensions in the passenger compartment have been designed with quality and comfort in mind. Premium materials, soft coating* for the dashboard, door panels and the outline of the centre console paired with new seat architecture make Captur a luxurious urban SUV.

The best in engine technology

Captur's 1.3L TCe petrol engine makes every driving experience an exciting one. Delivering a class-leading 113kW of power and 270Nm of torque, this engine will ignite your everyday commute. Its 7-speed dual clutch transmission allows smooth, seamless gear changes and the steering wheel-mounted paddle shifters let you take control if you are in the mood for a sportier drive. With the multi-sense system on the Intens version you can select Sport mode, changing powertrain response and steering flexibility as well as ambient lighting to make for an even more thrilling drive.

services

Renault at your side

When you choose a Renault, you enjoy years of worry-free motoring, backed by a trusted and reliable brand.

5 YEAR
EASY LIFE
OWNERSHIP

- 5 Year Unlimited km Warranty
- 5 Year Roadside Assist
- 5 Capped Price Services

*Conditions apply

Comprehensive Warranty

Renault has been building motor vehicles for more than 100 years. This wealth of experience is reflected in the design, performance and quality of every vehicle we sell. We're so confident that your new Renault will provide you with many years of reliable and enjoyable driving that we're backing our quality promise with a comprehensive 5 years unlimited kilometre warranty on all our passenger vehicles.

24/7 Roadside Assistance

As a new Renault owner, you are backed by Renault's 24/7 Roadside Assistance for up to 5 years when you service your vehicle with Renault, regardless of how many kilometres you travel. Available 365 days a year, all across Australia.

Capped Price Servicing

You'll enjoy the benefits of lower maintenance costs for your first 5 years or 150,000 km (whichever occurs first) behind the wheel of your new Renault. The CPS program covers the cost of all genuine parts, lubricants and labour required for standard scheduled maintenance services. Renault vehicles only require servicing once per calendar year or every 30,000 km (whichever occurs first) – not every six months like some manufacturers.

Genuine Renault Parts

Parts, lubricants and accessories are of the highest quality and are specifically designed for Renault vehicles. They are purpose-built, guaranteeing fit, function and performance. They are also covered by our 1 year unlimited kilometre warranty.
